ABOUT STRATEGYCORN

StrategyCorp (www.strategycorp.com) is the only strategic advisory firm that brings together the disciplines of management consulting, public affairs, and strategic communications into one integrated service offering. Our team of high-skilled management consultants is focused on working with clients who operate at the intersection of the public and private sectors in highly visible and highly regulated industries. We thrive on helping our clients deal with problems that are neither black or white, but grey, by bridging the gap between two rationalities- the public and private – to create solutions that deliver a stronger bottom line and serve the public good.
